Dr. Poyi Chang, CVS
President, Value Engineering Society of Taiwan

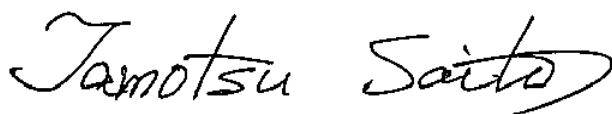

Dear Dr. Chang,

It is my great honor to extend this message on the occasion of the 3rd Annual Conference on Value Engineering to be held on December 21st, 2019. On behalf of Society of Japanese Value Engineering (SJVE) Board of Directors and Membership, I express my sincerest congratulations on this great event.

The conference program seems to be very interesting covering a variety of topics such as TRIZ, QFD and Public Value Management as well as cases of Value Engineering application.

I wish all the best to you, the conference organizing committee, and the attendees and hope the conference will be the most successful event of the year for your organization.

Respectfully,

Tamotsu Saito
President, Society of Japanese Value Engineering
